

SGE OUTSTANDING RESEARCH AWARDS

Geological Society of America *CONNECTS 2022*
SGE Student Research Exhibition (Technical Session 68)
Denver, CO | October 10, 2022

Audrey Bowman, Austin A. Sartin Award winner

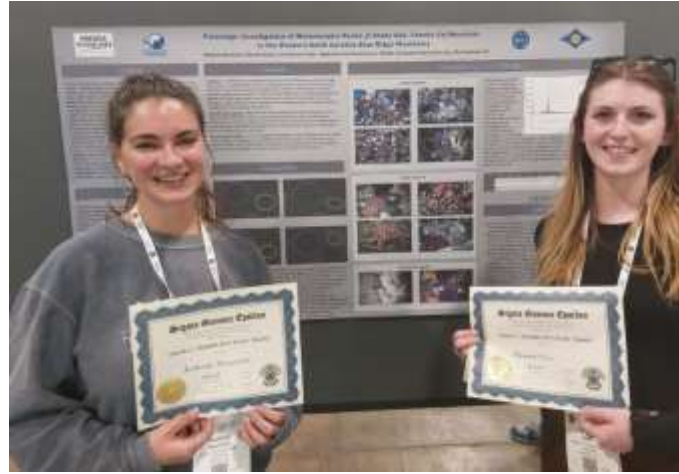

Annabella Kennedy, Austin A. Sartin Award winner

Austin A. Sartin Award

The 2022 Austin A. Sartin Award was awarded to **Audrey Bowman** and **Annabella Kennedy**, two members of the Eta Xi Chapter at St. Lawrence University. Audrey and Annabella were co-authors on two complementary poster presentations that reported on the use of dendrochronology techniques to evaluate slope-stability modeling in Alaska. Dr. Alexander Stewart, faculty advisor for the Eta Xi Chapter, is their research advisor. [Audrey's](#) and [Annabella's](#) abstracts are linked.

Charles J. Mankin Award

Kathryn Baumann and Hannah Bates,
Charles J. Mankin Award winners

The 2022 Charles J. Mankin Award was awarded to **Kathryn Baumann** and **Hannah Bates**, two members of the Eta Sigma Chapter at Middle Tennessee State University. Kathryn and Hannah were co-authors on a poster presentation that reported on the use of petrological and geochemical techniques to determine potential protoliths for the metamorphic rocks exposed at Chunky Gal Mountain, part of the Blue Ridge Mountains of North Carolina. Dr. Warner Cribb, chapter advisor for Eta Sigma Chapter, is their research advisor. Their [abstract](#) is linked.

Thanks to SGE member Scott Beason, Park Geologist at Mount Rainier National Park, for serving as a guest judge. Plans are already underway for SGE's poster session at the 2023 GSA annual meeting. Details will be provided on this site later in 2023. We hope to see you in Pittsburgh, PA!

(SGE is a GSA-Affiliated Society)
