Sigma Gamma Epsilon

NATIONAL HONORARY SOCIETY in the EARTH SCIENCES

Richard L. (Rick) Ford, PhD, PG | National Secretary-Treasurer
Professor Emeritus | Weber State University
E-mail: rford@weber.edu

TO: Active Chapters of Sigma Gamma Epsilon
Members of the National Council of SGE

September 4, 2024

Happy New (Academic) Year! I wish you all an enjoyable and productive Fall semester.

SGE is an associated society of the Geological Society of America and we are sponsoring a poster session at the upcoming annual meeting in Anaheim, California. We hope Sigma Gams will take in the poster session and stop by our booth (# 511) in the exhibit hall. Those posters authored by active SGE members will be judged for the Austin A. Sartin and Charles J. Mankin Awards for outstanding undergraduate research.

The National Office is pleased to report that SGE had a total of 826 active members, across 60 chapters, during the last academic year (2023-2024). These are solid numbers, but still below the level of participation prior to the Covid-19 pandemic. We still have work to do to with respect to the reactivation of many chapters – and the establishment of new ones. Below is important information regarding steps you chapter should take to maintain or regain its active status. **Please forward this letter to your chapter officers and encourage them to share this information with all members.**

1. Society/Chapter Membership

Since 2021, new members (student or associate) pay a one-time fee of \$55 to become a **LIFETIME MEMBER** of the Society.

Chapters should submit their Member Form (including the names of new and active returning members) and Chapter Officer Form online. These forms can be accessed on the SGE website <www.sgeearth.org> under the link to Officer Resources. At the conclusion of your submission, you will have the option to pay online or to send your payment through the mail with a copy of your completed forms. If you choose to mail your payment, please send a check or money order payable to Sigma Gamma Epsilon with a copy of your forms to:

Sigma Gamma Epsilon
P.O. Box 324
Cedar Falls, IA 50613

It is important to have your fall initiation as early as possible, and to submit your membership fees and member lists by **November 1, 2024**, if possible. Even if your chapter does not initiate new members this semester, please submit a Member Form listing your active returning members. For various reasons, the National Office needs to know the total number of students involved in SGE activities each academic year.

2. IRS Tax Information Requests

All SGE chapters are considered subordinate organizations under the SGE National Office and are covered in a group exemption that we file annually. However, the IRS still requires subordinates to electronically submit Form 990-N, also known as the e-Postcard. If your chapter receives such a request, you should file the form so that you do not lose your tax-exempt status. It only takes a few minutes to file Form 990-N. The form asks for your Taxpayer Identification Number (EIN), which will be located in the upper right corner of the letter of request. Please make every effort to comply with IRS requests. The SGE tax year ends on August 31st and chapters can file the e-Postcard any time after that, but before the absolute deadline of January 15th. This means that for the 2023 tax year the e-Postcard should be filed after August 31, 2024 and before January 15, 2025.

3. Welcome to Our Newest Chapter

We are pleased to announce that the Iota Gamma Chapter, hosted by the Department of Earth & Environmental Systems, was installed on March 22, 2024 at Sewanee: The University of the South.

4. The Compass

Our new National Editor, Scott Beason (Park Geologist at Mount Rainier NP), has done a wonderful job revitalizing our peer-reviewed journal. I encourage you all to check it out: digitalcommons.csbsju.edu/compass/.

5. James C. Walters Quality Chapter Award

Gamma Sigma Chapter (University of Northern Iowa) and Gamma Chi Chapter (Eastern Illinois University) both earned the JCW Quality Chapter Award during 2023-2024. Congratulations! This award is available to all chapters that meet the criteria listed on the SGE Website under the link to Our Community/Awards. Recognized Chapters receive a certificate and a \$50 award. All Chapters are encouraged to consider applying for this award. The JCW Quality Chapter Award is named in honor of Dr. James C. Walters, a long-serving chapter advisor and National Secretary-Treasurer, and former National President. Jim did much to support SGE at the chapter and national levels over many years and this award honors his legacy.

6. Chapter Service Award

To be eligible for this award, chapter members must complete a significant outreach and/or service project or multiple projects during the year. Specific criteria are listed on the SGE Website under the link to Our Community/Awards. Chapters earning this award receive a certificate and \$50 award. Chapters conducting outreach and/or service projects are asked to submit photos of their activities to be posted on the SGE Website and/or the Facebook page. The Gamma Sigma (University of Northern Iowa) and Gamma Chi (Eastern Illinois University) chapters earned this award for their impressive contributions to their campus community during the 2023-2024 AY.

7. Membership Status of Chapter Advisors

Any faculty member who volunteers to serve as a chapter advisor will be granted a lifetime associate membership in SGE at no charge to the advisor or chapter. Those advisors who were members of SGE during their student days will be upgraded to lifetime membership at no additional charge.

8. Please Check Your Spam Folder

This letter was also sent to you in an email. We commonly receive reports from chapter advisors that they are not receiving communications from the national office. Please check your spam folder and/or contact us if this is an issue for you.

9. Please Update Your Chapter's Webpage

If you chapter has its own webpage, please update the advisor and officer contact information and check to see if the link/URL is still active.

10. SAVE THE DATE – SGE's 47th Biennial Convention – April 11-13, 2025

The Delta Psi Chapter (Western Illinois University) will host our convention on their Quad Cities Campus in Moline, Illinois. Details will be sent to chapters at a later date.

If you have any questions about your chapter's standing, or SGE honor cords and the like, please contact Lee Potter at the National Office, 319-505-3391 or potter@SGEearth.org. Of course, you are always welcome to contact me directly (rford@weber.edu).

I hope you have a great Fall semester and we look forward to meeting many of you during the GSA annual meeting in Anaheim later this month.

Regards,

Richard L. (Rick) Ford, PhD, PG
National Secretary-Treasurer
